(54) Title: PROCESS FOR THE MANUFACTURE OF MULTICOLOR POURED LIPSTICKS AND GLOSSES

(57) Abstract: Coloured lipstick and gloss of the flat palette type are produced according to a method which comprises the following steps: pour a first and second material with different colours into different moulds; punch at least one portion of said materials; remove the punched portions from the respective moulds and deposit them in a packaging container, the shapes of the portions of the first and second material being complementary to substantially cover all the part of interest of said packaging container.
